STEPHEN K. CRONIN  
SUPERVISORY PATENT EXAMINER

### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance:
2. The prior art did not disclose a device or method of recording, by a release device of the switching control device, a power flow of the internal combustion engine; making available a release signal for releasing an activating switching procedure by the at least one control line, at a time when there is no frictional connection between the internal combustion engine and a power train assigned to the internal combustion engine; switching, by a first release switching channel of the release device, as a function of the release signal, the first release switching channel working independently of the control electronics; switching, by a second release switching channel of the release device, as a function of the release signal, the second release switching channel collaborating with the control electronics; initiating, by the first and second release switching channels, the activating switching procedure only when there is a simultaneous release switching setting of the first release switching channel and the second release channel; and at an ending of making available the release signal for the activating switching procedure by the release device, recording, by a diagnosis device of the switching control device, a switching setting representing a release switching setting. of the first release switching channel..

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
